

FerrOs – Start-up Package

- Goal:** To support 1-2 young scientists to sharpen their scientific profile in iron & bone research and generate preliminary data to potentially be incorporated into the second funding period of FerrOs as a PI
- Eligibility:**
- Applicants must be within 5 years of completing their PhD or MD degree
 - Applicants must be affiliated with one of the current FerrOs PIs (see <https://ferros-for5146.de/projects/>)
 - Aim of the research grant must be in line with the FerrOs research aims (i.e. regulation of iron sensing, impact of iron on bone, shared mechanisms of iron and bone regulation)
- Funding:** 30.000 €, max. 12 months
- Personnel costs
 - Consumables and publication costs
 - Developing collaborations and participating in conferences
- Requested documents:** Short research proposal (max. 2 pages)
Integration into the Research Unit (max. 1/2 page)
Financial plan
CV & Publication list
References (2 contacts)
- Evaluation procedure:** Deadline: 19th June 2022
Start of funding: 1st January 2023
Evaluation will be conducted by the FerrOs Steering Committee
